HEATING OIL • NATURAL GAS
ELECTRICITY • MECHANICAL SERVICES

For nearly 20 years, Marathon Energy has been the leading provider of a full spectrum of energy products and services in the New York and New Jersey market. We are a family owned business that takes great pride in helping customers with their energy needs. We serve businesses of all sizes across all industries and our pride is evident in the longstanding relationships we have with our customers, many of whom have been with us since the beginning.

We are a supplier of heating oil, natural gas and electricity and a provider of mechanical services such as boiler installation and repair, boiler conversions, efficiency and conservation solutions, and cogeneration unit installations. Our maintenance programs include 7 days/365 coverage of your energy plant to ensure smooth business and manufacturing operations, maximum uptime, and the continued comfort of your facility occupants.

We offer competitive pricing programs that help businesses control and manage costs and improve their budgeting and forecasting. We are the only energy company that displays its historical pricing comparisons to the utilities on its website. Additionally, our website offers energy decision makers a one stop shop for the latest in energy markets pricing and news.

Natural Gas and Electricity

THE SAME AS THE UTILITY, BUT FOR LESS!

As a competitive energy provider, Marathon Energy is certified by the NY State Public Service Commission and the NJ Board of Public Utilities to supply the same natural gas and electricity the utilities deliver ... but at a lower cost!

Due to utility deregulation, you have the power to choose a supplier that meets your needs, which can equate to big savings over time.

BUYING YOUR GAS AND ELECTRICITY FROM MARATHON ENERGY IS EASY:

- ◆ One easy-to-understand bill from your utility
- ◆ No contracts to sign
- ◆ No hidden monthly fees
- ◆ No penalties for switching service
- ◆ Competitive pricing and contract options
- ◆ Specialized energy plans tailored to meet your needs
- ◆ No disruption of your current natural gas or electric service
